

Sheet Metal Worker

Be the **GENERATION** to help build a **BRIGHTER TOMORROW!**

What is a Sheet Metal Worker ? Where can a Sheet Metal Worker work?

A Sheet Metal Worker designs, fabricates, assembles, installs & repairs sheet metal products. The individual lays out and measures pieces to job specifications, using tools such as hand shears & power shears, press brakes, drill presses and computerized cutting equipment to cut and shape material. The individual also assembles pieces using various techniques such as welding and using mechanical fasteners.
